For Insurers

IVANS Download™
is connectivity software for automated policy-related information exchange.

IVANS provides a cloud-based data exchange solution that enables insurers to quickly and easily exchange data with agencies and MGAs directly into their management systems, ensuring timely service for partners and insureds.

Leveraging IVANS, your business can automate the exchange of policy-related information with your agency and MGA partners.

IVANS is fully integrated with more than 40 agency management systems. To automate servicing, policy information is synchronized between your business and agency partners via electronic uploading or updating of data in their management systems.

IVANS significantly reduces time spent manually managing individual information requests, eliminating the need to respond to multiple one-off requests.

Through automated servicing, IVANS ensures you provide your agency partners with the latest information throughout the underwriting and servicing process to provide a superior insured experience.

> **IVANS Solutions are integral in doing business with our agents...if you're not using IVANS products, then you're being set apart, but for the wrong reasons.**

Core Capabilities

Personal and Commercial Lines

Personal and Commercial Lines download via IVANS enables you to send policy-related information for Automobile, Dwelling Fire, Earthquake, Umbrella, BOP and Commercial Package among many other lines of business.

eDocs and Messages

Available only via IVANS, you can generate a variety of messages and documents to send to your agencies, providing a secure and managed alternative to email, mail and faxes. The eDocs and Messages are attached at the client file and/or policy level in your agency partners' management systems.

IVANS also enables Surety companies to automatically deliver surety bond documents and information directly to agents via eDocs and Messages.

Claims

Only IVANS automates the exchange of information and notifications related to claim adjustments, settlement information and incoming claims, ensuring synchronized claims data between your policy management system and your agency and MGA partners' systems. Additionally, Claims download can be supplemented by eDocs and Messages to securely deliver documents related to the claims.

Direct Bill Commission Statement

IVANS automates the commission process for agents, increasing ease of business with your agent partners and providing a more efficient way to track commissions. Direct Bill Commission Statement download supports paperless operations and simplifies commission processing.

More than 80% of agents prefer doing business with insurers who offer insurer connectivity through automated download.
